

TECHNICAL WORKSHOP

Technological developments in electrolysis systems

April 28th, 2025

11:30 Opening

- ARAID Senior Research and Head of R&D at the Fundación Hidrógeno Aragón, **Dr. Vanesa Gil**

11:40 Panel: **Key recent innovation in PEM and alkaline electrolyzers for green hydrogen production**

- Customer Solutions Engineering Director at Accelerata by Cummins, **Anna Murray**
- Chief Technical Officer at Nordex Electrolyzers, **Javier Fernández de Manzanos**

Moderator: ARAID Senior Research and Head of R&D at Fundación Hidrógeno Aragón, **Dr. Vanesa Gil**

12:10 **A pioneering green hydrogen facility in operation: Repsol/Petronor**

- Repsol Senior Hydrogen Projects Manager, **María Molina**

12:25 Closing

- Hydrogen Technology Observatory Coordinator, **Igor Pagazaurtundua**

The workshop will take place in English and online
